EXPERIENCE

Campus Ambassador | Tata Consultancy Services

April, 2020 – March, 2021

In this campus ambassador internship, I have interacted with many TCS employees and gathered so much information about events organised by this company. Moreover, I have guided so many students in my university about the events through online meetings.

Open Source Contributor | Github

March, 2021 – Present.

Started contributing in many repositories on Github platform through command line. My major plan would be participating in GSSOC and Hacktober Fest this year.
